

How will this be implemented into your business?

HYGIENEBUDDYSYSTEMS

TAILORED CLEANING PROGRAMS

This pricing structure give the choice back to the business owner. He can formulate and add modules to tailor-made his business to the specific needs:

Option 1 (Chemical implementation System)

The business will be supplied with the Chemical Buddy System.

- 4 x 10L Containers with dispensary taps
- 1 x Display shelf to carry 4 x 10L containers
- 1 x Set of Data and Safety sheets (SABS and ISO certificates included)
- 1 x A4 product application poster laminated
- 1 x Chemical application training session with all staff and management ($\pm 2 \frac{1}{2}$ hours)
- 2 x Lotion pump
- 3 x Heavy Duty trigger sprays
- 3 x Empty colour coded containers
- Compliance signage in department

The above will be implemented free of charge on the condition that the above stays the property of Monument Cleaning Solutions and is subject to a 1 year contract. During this period the business is required to purchase products through Monument Cleaning Solutions.

Major advantage of making use of the Hygiene Buddy System:

- On completion and approval a 30 day account facility
- Be included into the Hygiene Buddy account regarding all purchases with monthly statements
- Be in total control regarding product dilution as well as product usage at all times
- Store will be supplied with fully labelled bottles as well as triggers per box as per purchased ensuring a clean and well presented product at all times
- Be fully compliant regarding the use of SABS food safe products as per the Food Premises Act R962 of 2012
- Be able to supply staff with highly effective products at a fraction of the currant price
- 2 $\frac{1}{2}$ Hour training session regarding product use and application thereof
- Delivery service to the back door
- World class accounting system for professional and up to the minute account queries and purchase history

- Tele sales department 6 days of the week
